

## Places I've Lived

I've lived in many places,  
But only for a while,  
Some have been a challenge,  
Some would make you smile,

I've lived in **Doubt** for instance,  
A sad old place to roam,  
Tried it in **Cognito**,  
But few knew I was home,

Lived some in **Denial**,  
But had to stay upbeat,  
Think I lived in **Conclusive**,  
My memory's not complete,

Loved living mostly in **Suspense**,  
It really was a thrill,  
But couldn't live in **Sane**,  
And be driven 'gainst my will,

I've lived awhile in **Active**,  
No movement anywhere,  
Failed moving to **Conclusions**,  
Because you had to jump there,

Lived some time in **Somnia**,  
But never got to sleep,  
So moved to live in **Deepshit**,  
Quite close to **Upshit Creek**,

I've never lived in **Continent**,  
It's not my 'fave' commune,  
But if you ask my bowls mates,  
I may be moving soon,

So here I live in **Inverloch**,  
Which was my main intent,  
A life of fun and friendships,  
In my **Retirement**.
